The Sanford Police usually leave their gate unlocked when they are there. However, we found that they had left their lock unlocked for a day and a half and not a soul was there. So, the club will discuss putting in a gate of our own to help solve this issue. We'd clear out some of the berm and put the gate in there, and run a row of concrete blocks as a gate. We have one quote at the moment for \$3340.50 to do everything except build the gate. If there are any other ideas, they will be entertained at the next meeting. We will let the Sanford Police know what we are doing. This will have to be a spring project.

The two target stands will be moved up from Cowboy town, this weekend.

Jerry will be bringing chairs to the Sanford Range.

Website: No new business.
