Sanford Range: Middle Range shot up bad. Some “Guys” are going to replace some boards and mats tomorrow morning. Firewood – Rifle range’s is mostly empty. Art to take some from Berwick to bring to Sanford. Possible Shotgun Range - Went down and looked at it; there is no way to get to the back of the 25yd range. If going to make one, it will have to be in-between the bays. Will need to look over again next year.

Berwick Range: Looking Nice. 100yrd was destroyed. Cowboys replaced the backboards after State Championship. Now all backboards have been redone (some rubber, some wood), and two new doors going are going on pistol range this week. Dumpster was stuffed – Art called; they are coming this week. 200yrd – someone shot off the chain again. Debris pile all cleaned up now. Pipe was found hanging off stove at 200yrd range – on “to do” list. Zack dug a trench, conduit, hoping to start pulling wire this weekend.

Cowboys State Cowboy Match held in September. Had 68 Shooters – more than last year. Everyone has a good time. Next match on Oct 22nd & 23rd – last matches of the year.

Archery: Looks good -

2-Gun Shoot: Match couple weeks ago – turn out was poor because it was scheduled same time as the biggest 2-Gun Shooting event. 8-10 shooters.

USPSA: Had a match this past weekend with 67 shooters. Had an incident – member had an accidental discharge – clipped his leg and shot himself in the foot. USPSA was notified. Next Match: Nov. 6th

Steel Shoot: Last match in Sept. with 51 shooters. Next match is Oct. 16th.

Range Safety:

USPSA Accidental Discharge Incident; EMS was called, and member went to the hospital – he is alright, no major surgery. Fire Department and Police also showed up. Medical kit was used up, and Zack ordered a new one. Blow out and Boo-Boo kit are going to be mounted in the Trap house. Would like to see a general access kit at each of the range houses. Going forward, we now have a new protocol for when these accidents happen. Also looking to host another medical training class. Zack is also ordering a Keyed to Lock for the Fire Department to have in case of emergencies.
